

## UGLY STORIES ABOUT DE LARA CASE

Direct Connection Said to Exist Between His Arrest and a Postoffice Robbery.

WAS HIS MAIL RIFLED?

Two Members of Los Angeles Police Force Accused of Serving the Mexican Government.

Los Angeles, Cal., Oct. 21.—Various stories are being circulated today by friends of Gutierrez de Lara, the federal prisoner, to the effect that there is an official plot against the Mexican to have him deported from the United States as an anarchist.

It is denied that there is a direct connection between De Lara's case and the robbery of the postoffice at the island, near San Pedro, Tuesday. The significant fact in the robbery is said to be that the only mail taken was that of De Lara, including letters to friends of De Lara, the postmaster, it is said, refuses to dispossess the Washington officials who have been notified.

The Herald today says that two members of the Los Angeles police force are being openly accused of serving the Mexican government in serving the political refugees have been arrested and imprisoned. These officers, according to the newspaper, are believed to be the ones who were active in obtaining evidence which was used to send the alleged revolutionist, Maxon, Villarreal, and others to the Arizona penitentiary for violating the federal neutrality laws.

As far as the local authorities know the Mexican government has no desire to see De Lara's return. The immigration officials say that if he can show that his convictions are to the liking of the government, and that he is not a danger to the country, he can remain here indefinitely if he does not violate other laws.

The examination will be held as soon as the necessary papers arrive from Washington probably early next week.

It is expected today from Attorney Barrow of Chicago, in reply to the request of the De Lara defense league that he come to Los Angeles to take part in the defense of De Lara.

## THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky.—"I was passing through the Change of Life and suffered from headaches, nervous prostration, and hemorrhages."

"Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I can do all my housework, and attend to the store and post-office, and feel much younger than I really am."

"Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough."—Mrs. LIZZIE HOLLAND, Noah, Ky.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

HUSBAND AND WIFE DIED SAME DAY, WHICH FIRST?

New York, Oct. 21.—Adolphus Bennett and his wife died on the same day last February, and their respective heirs are contending for the fortune left. If Bennett died before his wife, her heirs will be successful; if not, his heirs will win, and the surrogate's court has asked for definite proof as to which person died first.

She Was Pleasantly Surprised.

Miss H. E. Bell, Wausau, Wis., writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep, and was greatly troubled with headache. The first few doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me, and I can honestly recommend them."

MARIE CORELLI AGAINST WOMEN IN POLITICS

London, Oct. 21.—Marie Corelli, in a magazine article, reiterates her entire disapproval of women in politics. Nevertheless, she would be willing to enfranchise women if they proved able to meet the test she suggests.

"Let the suffragettes," she says, "acquire a building, furnish it like the house of commons, and handle for a few years the same subjects being dealt with by the members of parliament."

"If the women during that period are guileless of any violent, clap-trap orations, if they endure all-night sittings, and if they show themselves wiser than the men, let them vote."

## MRS. PANKHURST IN AMERICA

Purpose of Her Visit Is to Speak On Woman's Rights and Study the Situation.

THINKS THE ENGLISH AHEAD

Movement in Old Country Is Progressing Satisfactorily—Violence Accompanies All Great Movements.

New York, Oct. 20.—A quiet little group of New York women, wearing banners labeled "Vote for Women," stood on the White Star line pier tonight and welcomed to America Mrs. Emmeline Gould Pankhurst, leader of the militant suffragettes of Great Britain.

In accordance with the pullings of the customs authorities, less than 20 persons were admitted on the dock and the reception of the woman who has served two terms of imprisonment for her activity in the cause, was devoid of clamor. She was hurried to the suffrage headquarters at 505 Fifth avenue.

Mrs. Pankhurst is slight of stature and has a wealth of brown hair, which is just turning gray. She looked a typical Englishwoman and was dressed becomingly in a dress of dark material.

"I am coming to America," she said, "to speak on the subject of equal rights for women, and to study the situation in this country. I think we are away ahead of you in this matter."

As she talked, Mrs. Pankhurst displayed a little medallion she wore, and explained that it was a distinguishing mark worn by these Englishwomen who have been imprisoned for the cause.

"I suffered solitary confinement," she continued, "and had only one hour of exercise out of 24. During the other 23 I was confined in a little cell, 8 by 10 feet. I had cell No. 47 on the second floor of Holloway prison and I wore the regular prison garb, but I did not bring this costume to New York with me."

"The movement is progressing satisfactorily in England," she went on. "We have pledged from practically two-thirds of the members of parliament to vote for us as soon as a bill is prepared by the government. And we expect sooner or later to compel the government to introduce the bill. Just when this will come to pass I am not prepared to say."

Mrs. Pankhurst stoutly defended militant tactics.

"All great movements have been worked out by violence," she said. "The American people secured their liberty by violence, so why not rush the house of commons to obtain what we regard as our rights? The ballot granted to women will make them more intelligent, less self-centered and on the whole much better citizens."

"Don't you think that there would be corrupt women politicians and women ward heelers?" Mrs. Pankhurst was asked.

"Well," she replied, "I don't think it could make politics any worse at any rate."

Mrs. Pankhurst declared she had been a suffragette as long as she could remember. She had gone to meetings in favor of the emancipation of women when she was only 14 years of age, accompanied by her mother, who, herself was an ardent advocate of the cause.

Mrs. Pankhurst will remain in the United States until Nov. 22, but will not be able to get as far west as Colorado, where suffrage is being tried. She will speak in Boston Friday and Worcester Saturday, returning to New York Sunday for a reception by the National and New York State associations.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or perfect hearing, and the result, and unless the inflammation can be taken out, the tube is closed, and the hearing is lost. Deafness, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. AMERICA MAY GET ANOTHER CARDINAL

Rome, Oct. 20.—While the pope only recently seemed determined not to have a consistory until 1910, it is now suddenly announced that one will be held about the middle of December and another next spring. It is added that the reason for holding two consistories is for the purpose of appointing as cardinals in the second consistory certain prelates who cannot be included in the first.

Strict secrecy is being maintained regarding the names of those whom it is intended to elevate, but it is known that the cardinal patriarch of Lisbon will receive the red hat in December and it is also considered certain that Mr. Bisset, papal major domo, will be elevated in the spring.

Regarding the appointment of a new American cardinal, Archbishop Farley of New York, Archbishop Ireland of St. Paul, Minn., and Archbishop O'Connell of Boston, are considered the most likely candidates, while it is reported that an American cardinal may be named as a member of the curia and therefore will live in Rome.

Others likely to receive the red hat are the Most Rev. Francis Bourne, archbishop of Westminster; Mgr. Faillon, apostolic delegate at Washington; Mgr. Guidici, secretary of the congregation of bishops; Mgr. Della Chiesa, archbishop of Bologna; and the archbishops of Buenos Ayres and Florence.

Mr. F. G. Fritz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble."

LITTLE TARIFF WAR WITH FRANCE POSSIBLE

Washington, Oct. 20.—Drastic measures, including the exclusion of importations from any country unjustly discriminating against this country, may be found necessary by the president in the event that it should be regarded as requisite for this country to adopt retaliatory tariff measures against France.

While so far this government has received no official information of the intention of France to operate a maximum tariff against this country upon the termination—on Oct. 31—of the commercial agreement, officials here are willing to admit that there is some danger of the two countries for some time at least of applying their maximum rates against each other.

The exclusion power is furnished in section 5 of the tariff act of Aug. 30, 1890. This section empowers the president, in case American goods are unjustly discriminated against by any country, absolutely to prohibit the importation of the goods of that country.

The country of any article he may see fit to name.

## FAVORS FORCING BELGIUM OUT OF CONGO

New York, Oct. 20.—The forcible ousting of Belgium from the Congo is urged on England and the United States, in a book "The Crime of the Congo," by Sir Conan Doyle which will be published simultaneously on both sides of the Atlantic in a few days.

Neither author nor publishers are to make any profit on the book as all the money realized will go to the Congo Reform association.

"America," he says, "was the first to give official recognition to King Leopold's enterprise in Africa, and therefore has the responsibility of having actually put him in that position which he has so dreadfully abused. She has been the direct though innocent cause of the whole tragedy."

GEN. ELWELL, 8, OTIS DEAD.

Rochester, N. Y., Oct. 21.—Gen. Elwell S. Otis, U. S. A., retired, died at 1:20 this morning at his home in the town of Gale, just outside this city. He had been ill about two weeks, but it was not realized until yesterday that death was near. Heart trouble, with complications, chief of which was an affection of the kidneys, was the cause of death. General Otis' wife, daughters, brother and sister, were with him at the end. The house in which he died had been his home for many years.
